## REPORT KUHIO IS BUCKING GOVERNOR

### DELEGATE OUT AGAINST FREAR'S CONFIRMATION?

Private Advices from Mainland say  
Kalaniana'ole has filed Protest with  
Senate Committee on Territories—  
More Doubt Present Executive  
will be Confirmed

Direct information from a source believed to be absolutely reliable came to Honolulu this morning that Delegate Kalaniana'ole, now at Washington, D. C., began active objection to the confirmation of Governor Frear's reappointment by the Senate during the present session, and that Kuhio's personal protest has already been filed with the Senate committee on territories. It is further stated that the committee has given the delegate time in which to prepare detailed argument and evidence in support of his protest.

The statement arrived by mail this morning from the mainland, and comes in the form of a confidential letter to a friend of the writer here. It is sent by a man conversant with Hawaiian affairs and politics, and his conviction is so strong that he declares as a matter of fact that Frear will not receive confirmation by the present Senate.

The active opposition of Senator Owen of Oklahoma, as well as a number of other members of the Senate committee having the reappointment in hand, is also mentioned. This much was made public in a cable from the capital some days ago, but the word of Kuhio's stand in the matter comes in an entirely new, though in some quarters, it is not wholly unexpected feature.

The nature of the delegate's protest is not mentioned in the letter. Whether it is based on any of the same charges which he preferred against the Governor a year ago, causing the investigation by Secretary of the Interior Fisher, or whether it is founded on the general political situation can be only a matter of surmise at present.

Prince Cupid has had little to say concerning the governorship since the conclusion of the Fisher hearings and was extremely reticent prior to his departure for Washington. In fact he has not talked much since his arrival at the capital, but his sudden departure for the mainland some weeks ago has been followed by a sort of hushed expectancy and word of his activity there has been awaited with a remarkable intense interest.

Five of the twelve members of the Senate committee on territories are Democrats. They are Robert L. Owen of Oklahoma; George E. Chamberlain of Oregon; Benjamin F. Blively of Indiana; Charles F. Johnson of Maine; and Gilbert M. Hitchcock of Nebraska.

The Republican members are William Alden Smith of Michigan, the chairman; Knute Nelson of Minnesota; Henry E. Barnham, of New Hampshire; Norris Brown, of Nebraska; Joseph L. Bristow, of Kansas; George P. McLean, of Connecticut; and Henry F. Lippitt, of Rhode Island. It is thought by some extremely doubtful now if the Governor's reappointment is ever reported out of committee.

#### RECOMMENDS MOTT-SMITH

Announcing that he has recommended the reappointment of Territorial Secretary E. A. Mott-Smith, and acknowledging the receipt of the transcript of the evidence taken in the course of his investigation in the islands, a letter from Secretary of the Interior Fisher has been received by Acting Governor Mott-Smith. Secretary Fisher also takes occasion to commend Governor Frear in his choice of H. K. Bishop as new superintendent of public works for the territory, saying he is highly gratified by the Governor's selection.

#### MRS. CHRISTIANSEN DEAD.

Funeral services of Mrs. M. Christiansen, who died this morning at half past six o'clock, will be held tomorrow afternoon at one-thirty o'clock at H. H. Williams' undertaking parlors.

Special prices on SAFES till Jan. 1st to make room for new stock.

### URGES DEFENSE OF PEARL HARBOR

Secretary of War Stimson Personally Conducting a Campaign in Congress for More Funds for Big Naval Station Here

By C. S. ALBERT

[Special Star-Bulletin Correspondence]  
WASHINGTON, D. C., Dec. 21.—The better defense of Pearl Harbor is now being urged by Secretary Stimson and he is personally conducting a crusade for more funds with which to construct necessary buildings there. He is determined, it is possible to obtain this money in the first of the appropriation bills passed at this session. In a strong letter to Speaker Clark which was referred to the Appropriation Committee, Secretary Stimson insists that \$158,500 should be allowed at once for erecting buildings at Pearl Harbor for the occupancy of two Coast Artillery companies. He goes so far as to speak of the "imperative necessity" for this appropriation immediately. He says it is not only essential to care for the armament placed there for the defense of the naval base, but to operate it in the event of need.

The sum of \$158,500 is part of the total amount estimated as required for a new post, costing \$350,500. It is proposed to establish a four-company post of coast artillery at Fort Kamehameha.

In addition to writing the formal letter Secretary Stimson is taking the matter up with members of the House Committee on Appropriations and urging each to favor the emergency allowance at once.

It is doubtful whether the efforts of Secretary Stimson will prove effective. There is a disposition manifested among the Democrats to pare all appropriations down to the minimum and not make any new ones.

### TO LAY PUBLICITY CAMPAIGN PLANS

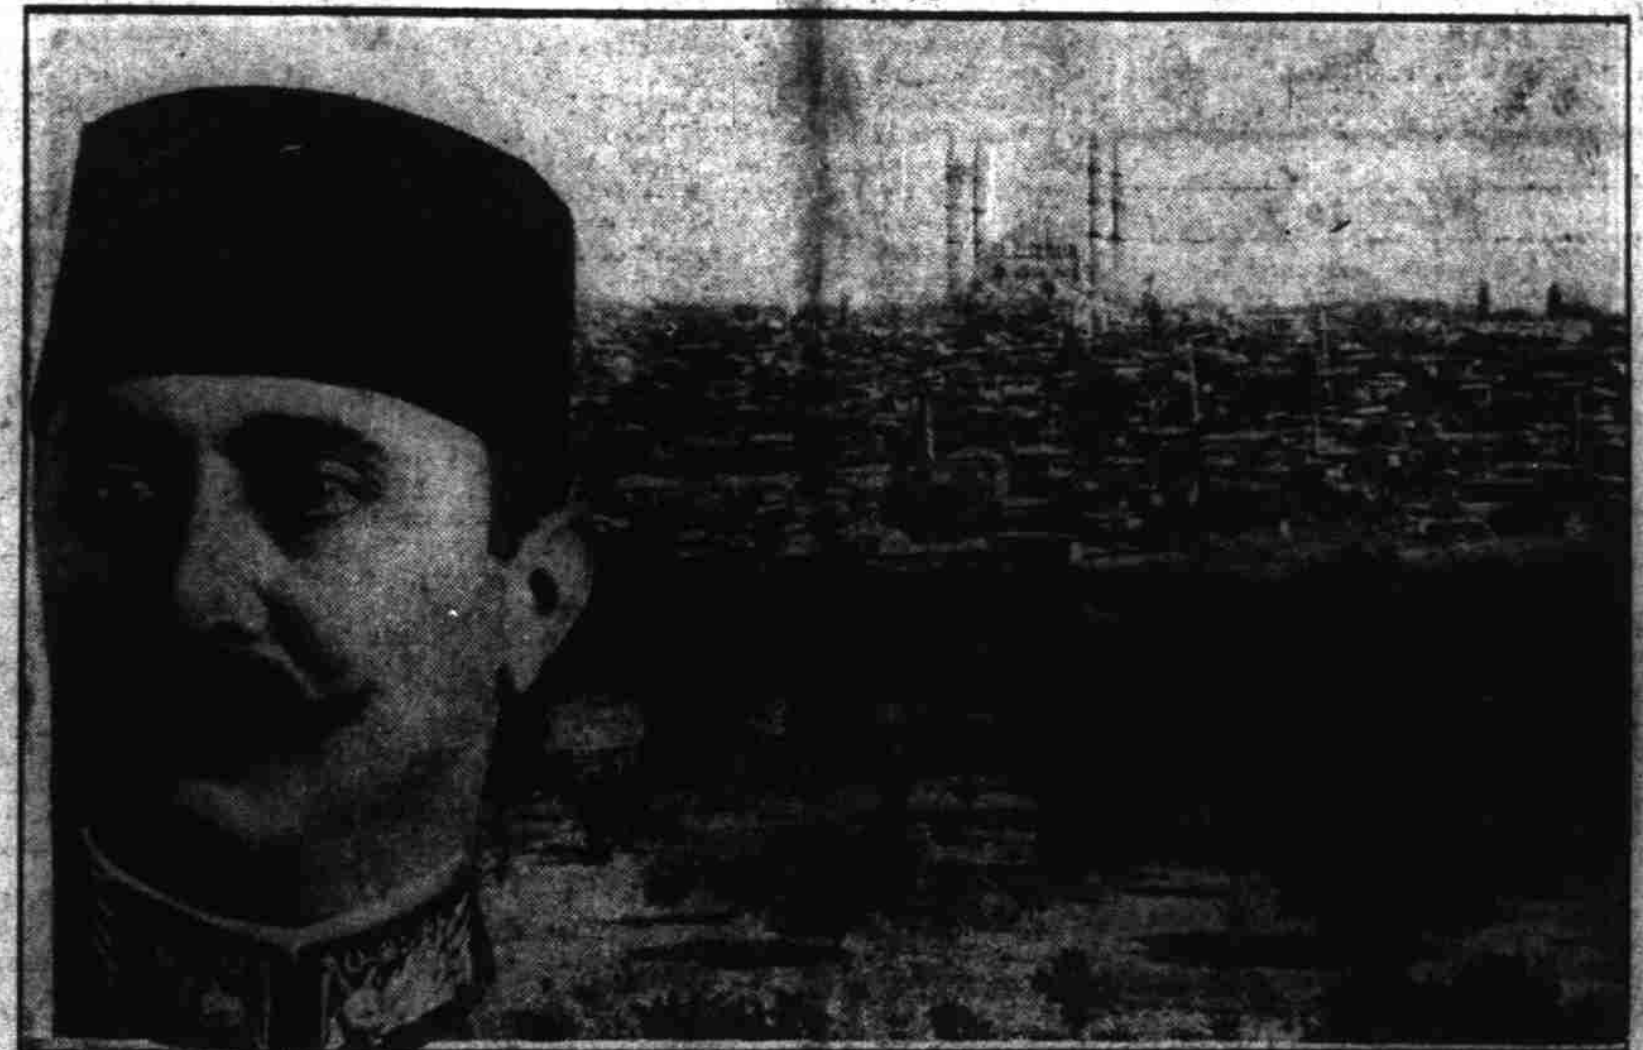

The regular meeting of the promotion committee will be held at half past three o'clock tomorrow afternoon in the merchants' association rooms, at which time plans will be presented for the broadening of the scope of publicity for the Hawaiian Islands.

It has been the custom of the committee for some time past to pattern its methods of advertising after the systems now in use on the mainland and at the meeting tomorrow afternoon, Rev. E. C. Peters, who has recently returned from a tour of the coast, will talk upon several new methods of advertising from data gathered during his trip. Secretary Wood has received several letters in the last mails asking for information concerning Hawaii, and he will read these at the meeting. The committee will be glad to have any persons, other than members, who are interested in the work of promotion, present at the meeting.

#### SMITH PLEADS GUILTY

With no lawyer present to defend him Norman B. Smith this morning entered a plea of guilty in Federal court to the charge of smuggling opium, as preferred against him in the indictment returned several months ago by the Federal grand jury. Sentence will be pronounced next Saturday morning. He made no request for bail and expressed no desire to be given any leniency or shown any favor by the court.

### ROCK ON WHICH CONFERENCE MAY SPLIT ASUNDER

Claimed by the Turks and Demanded by the Allies, the city of Adrianople, capital of the ancient kingdom of Thrace, is the center around which the storm of words in the peace discussions in London is now swirling. The city is one of the most picturesque of all the Balkan states capitals and is commanded by Abdullah Pasha, called "The Kitchener of the Turks".

### DEMOCRATS NOW PLAN A BOURBON MACHINE AIMS AT CONTROL OF THE ROAD DEPARTMENT

#### Dr. Clark Back With News of Immigration

\*\*\*\*\*  
The Dillingham-Burnett immigration bill, which if it becomes law will be a severe blow to Hawaii's European immigration, has a fair prospect of passing Congress at this session and probably a better prospect at the next session, according to news brought from Washington by Dr. Victor S. Clark, commissioner of immigration.

"I saw Senator H. C. Lodge, chairman of the Senate committee on immigration, and Representative John L. Burnett of Alabama, chairman of the House committee on immigration, and naturalization, the day before I left Washington, and talked about the bills with them," said Dr. Clark today. "Senator Lodge seemed to think that the Burnett bill, the House measure, which has passed by a large majority, would come out of conference this session. It will not be taken up by the conference committee until some time after the holidays. There are people in Washington who say that the literacy test, which would directly affect Hawaii, will not be retained."

On the other hand, in the Burnett bill there is a provision exempting from operation of the act immigrants who come to the United States seeking to escape from religious persecution. As the literacy test was opposed by New York state, and as this clause allows the Hebrews to enter, for whom legislation is largely drawn, it seems with the special clause included the opposition to the literacy test will not amount to much, the main opposition to the test having come from New York. Unless Congress gets into a quarrel over some of the other features of the bill, there is a fair prospect that it will pass, though, as I say, Senator Lodge thinks it doubtful and others say it will not pass at this session, anyway. Both the Dillingham-Burnett bill and the Burnett house bill, however, contain the literacy test provision, so there does not seem much chance for disagreement on this point.

Russian immigrants and settlers can be landed at Honolulu at a trifle over seventy dollars a head, says Dr. Victor S. Clark, territorial commissioner of immigration, who returned to this city this morning as a passenger in the Pacific Mail liner Korea, following an absence from the territory covering a period of nine months. "I was at the storm center of the Balkan disturbance, and had just reached Roumania when the actual trouble broke forth, as a flame spread

(Continued on page 3.)

\*\*\*\*\*  
If the plans now practically completed by the county committee and the majority of the board of supervisors that is to be after Monday next are carried into effect, a tremendously strong Bourbon machine will be built up at once in the road department and the police department, the latter already pretty much in the grip of politics.

It is reported that the pressure which has been brought to bear on the new board of supervisors by some of its members and the Bourbon county committee has already had its effect on some of the more liberal-minded members. Such men as McClellan and Petrie, who have stood out all along against the determination to make the offices of the city and county the spoils of the election fight, and who have objected to placing men in office merely because their political faith happened to be the same as that of a majority of the board, are being forced backward by the reactionaries of the committee and the board.

As the scheme now stands, it is proposed to strip off the official head of Road Supervisor Caldwell as the first step. In his place it is likely that J. J. Smiddy, at present an employee of John Wilson, and who has been engaged in surveying and road work for a long time, will be in-

(Continued on Page 4)

#### COWLES IS TO TAKE COMMAND OF FLEET IN SOUTHERN WATERS

Rear Admiral Cowles will take over command of the Pacific fleet at San Diego, March 7, not at San Francisco, as originally planned. A letter from Rear Admiral Southard to the local commandant states that the fleet is about to leave for San Diego, to hold target practice off the Coronado Islands. Admiral Cowles is well pleased with the change of plans, which will allow him to hoist his flag in southern waters.

Paymaster Walter B. Izard, who comes here to relieve Paymaster Herbert E. Stevens as purchasing and disbursing paymaster and general storekeeper, arrived on the Korea this morning, and reported for duty at the naval station. Paymaster Stevens will turn over property and accounts during the next few days and will probably leave for the Coast next Tuesday.

Outside of his professional record and abilities, the new pay officer is a well-known tennis enthusiast, both as a player and a follower of the game.

#### Atkinson Says Bull Moose at Work For 1916

Brimming with enthusiasm at the favorable outlook for the Progressive party in its next campaign throughout the United States, Attorney A. L. C. Atkinson is back at Honolulu after an absence of six months, the greater portion of the time being spent at the storm center of Bull Moose activity in New York city.

Gaily waiving a kiss of greeting to the background of green-clad mountains of Oahu, while standing on the deck of the Pacific Mail liner Korea, Atkinson found ready words to express his unfeigned delight at being back in Hawaii, and following his participation in the whirlwind of events at the New York Roosevelt headquarters in the Manhattan Hotel.

"It was a great experience," declared Mr. Atkinson in response to a bombardment of queries of "winning his adventures as a live wire with the Roosevelt forces."

Atkinson returns with the emphatic declaration that the Bull Moose party is just beginning its activities. He brings news that Hawaii is to be included in a nation-wide campaign of education and that he and fellow-Mooseers will be busy during the next four years in shaping Hawaiian sentiment to support the Rooseveltian slogan of "Bring the government back to the people!"

"The question has been asked: 'Will the Bull Moose party live?' Why, yes, that question is foolish. The real query is: 'Will the Republican party manage to survive?'" declared Atkinson this morning. "The strength of the Bull Moose party was shown in the recent conference in Chicago. Two thousand delegates overran the city just as the big Progressive convention a few months before had overrun it. Apart from this, it was a meeting of national committedmen, managers of campaigns, governors and candidates for governor."

Although the Bull Moose organization in this campaign was splendid, it was so because of the tremendous national sentiment, for we did not have time to work up any systematized campaign. But beginning right now, the Progressive party is being organized from the ground up. Every precinct in the United States will be covered. We will carry on a great campaign of education in Progressive aims and Progressive issues. George W. Perkins will remain as the general in this organization campaign—the best in the business! We had four and a half million voters in the recent election and a few more votes will swing the election of 1916.

Plan for Getting Funds.  
"Our plan of campaign is to raise money from the people, not from the bosses and the little group of financiers. We will follow something of the plan of the social Democrats in Germany—of selling our literature all over the country. By raising funds

### Taft Abandons Plan to Name Goethals

President Forced to Alter his Proposed  
Intention of Naming Colonel Civic  
Governor of Panama Canal Zone—  
No one Mentioned as Possibility for the Place

### ROCKEFELLER IS FLEEING FROM SUBPOENAS

[Associated Press Cable]  
BRUNSWICK, Ga., Jan. 2.—It is reported on reliable authority that William Rockefeller has fled to a country home near here to escape the serving of subpoenas upon him to appear at Washington and testify in the money trust inquiry.

### IMMIGRATION BILL FAILS TO EXEMPT HAWAII

By C. S. ALBERT

[Special Star-Bulletin Correspondence]  
WASHINGTON, D. C., Dec. 19.—Hawaii is not exempted from the provisions of the immigration bill passed in the House. No stipulation, as usual, is made that the educational test must not be made effective against aliens arriving in the islands. This action came as a great surprise here. Repeated promises had been given by House leaders that the oversight of the Senate in not making the necessary exception should be promptly rectified. This was not done.

It is doubtful whether the bill will become a law before March 4. There will be a long and bitter wrangle in conference. At the outset it seems impossible that any agreement can be reached between the Senate and House. The Senate, after hard work and much deliberation, passed an elaborate immigration bill. It comprises 58 pages and covered all phases of the problem. The educational test was tossed in at the last minute by Senator Simmons, who frankly says he overlooked the exemption of Hawaii. The House threw all the Senate's work away and passed a short measure of less than two pages, dealing only with the educational tests for aliens. No other features of the immigration question were incorporated. This naturally makes the Senate somewhat angry and peevish.

In the remote possibility of a compromise measure being whipped together in conference it is believed the clause required to exempt Hawaii from the educational test paragraphs will be properly modified and inserted.

The eccentric bill passed by the House follows:

That after four months from the approval of this Act, in addition to the aliens who are by law now excluded from admission into the United States the following persons shall also be excluded from admission thereto, to-wit: All aliens over sixteen years of age, physically capable of reading, who can not read the English language, or the language or dialect of some other country, including Hebrew or Yiddish; Provided, That any admissible alien or any alien heretofore or hereafter legally admitted or any citizen of the United States will bring in or send for his father or grandfather over fifty-five years of age, his wife, his mother, his grandmother, or his unmarried or widowed daughter, if otherwise admissible, whether such relative can read or not; and such relatives shall be permitted to land.

Sec. 2. That for the purpose of ascertaining whether aliens can read or not the immigrant inspectors shall be furnished with copies of uniform slips, prepared under the direction of both secretary of commerce and labor, each containing not less than thirty nor more than forty words in ordinary use, printed in plain type in the various languages and dialects

(Continued on Page 2)

[Associated Press Cable]  
WASHINGTON, Jan. 2.—It was stated here today that President Taft had decided to abandon his plan to appoint Colonel Goethals, civil governor of the Canal zone. It is said that the discovery that the Bourbons in both houses of congress have determined to oppose this appointment has been responsible for the President's decision. No one is named as the probable successor in the President's mind, and it is believed that he will not attempt to fill the position, but will leave it to Presidential Willson.

### REID MEMORIAL SERVICES TO BE HELD TOMORROW

[Associated Press Cable]  
NEW YORK, Jan. 2.—An announced here today that the plans for the Reid memorial services have been completed. They will be held tomorrow in this city and in London tomorrow. The affair will be most magnificent here, but that held in London will be very simple at the suggestion of King George.

### SENATOR BAILEY DELIVERS HIS 'SWAN SONG'

[Special Star-Bulletin Cable]  
WASHINGTON, Jan. 2.—Senator Bailey of Texas, delivered his "swan song" in the senate with the reopening of the short session here today. He made a bitter attack on the direct election plans of the progressives, which he declared are undemocratic. There was a great crowd present to hear him. His resignation will go into effect either Saturday or Monday.

### IDAHO NEWSPAPERMAN JAILED FOR QUOTING TEDDY ON THE COURT

[Associated Press Cable]  
BOISE, Idaho, Jan. 2.—R. B. Sheridan and C. O. Broxon, publisher and managing editor of the Boise Capital-News, were today sentenced to ten days in jail and each fined \$500. The sentence is the result of the publication by their paper of an article which quoted from Roosevelt's stinging characterization of the supreme court of Idaho, following the court decision denying the right of Roosevelt electors on the ballot. The publication of this article, it was held by the court, constituted contempt of court. The case has aroused nation-wide attention and the Progressive party sent attorneys out to Boise to defend the two men.

### CZAREVITCH FULLY RECOVERED, IS REPORT

[Associated Press Cable]  
GENEVA, Switzerland, Jan. 2.—The young Czarevitch of Russia has fully recovered from his recent mysterious illness, according to reports today following the news that a Swiss tutor has been employed for him.

Formal notification from the Department of the Interior that Hirokichi Itakaki has been recognized by the State Department at Washington as the Japanese consul general to be stationed at Honolulu, was received by Acting Governor Mott-Smith this morning.
